PROFESSIONAL PROFILE

Dedicated and motivated entry-level web developer with a passion for creating visually appealing and user-friendly websites. Eager to contribute my skills in HTML, CSS, JavaScript, and web design to a dynamic team while continuously enhancing my knowledge in front-end development.

WORK EXPERIENCE

Web Developer Intership (Upthink)

November 2022 - March 2023

During my 5-month tenure as an intern web developer at Upthink, I had the privilege of diving into the world of web development and contributing to various projects that enriched my skill set and expanded my understanding of the field.

My time there provided me with invaluable problem-solving experience, as I often encountered unique challenges while working on various web projects. I collaborated closely with colleagues to brainstorm solutions and deliver high-quality results within deadlines.

My experience as an intern web developer at Upthink was instrumental in shaping my career in web development. I gained practical experience in WordPress, JavaScript, HTML, and CSS while developing essential problem-solving and collaborative skills. I look forward to applying this knowledge and experience to new challenges in my future career as a web developer.

Salesman (Miltiadis Vitsaropoulos A.E.)

October 2021 - August 2022

In my role as a Sales Representative at Miltiadis Vitsaropoulos A.E., I honed a unique set of skills that have prepared me for a career transition into front-end development:

- Client-Centric Approach,
- Effective Communication,
- Problem-Solving,
- Attention to Detail

The dental industry is continually evolving with new products and technologies. This experience has taught me the importance of adaptability and the ability to quickly learn and integrate new tools and techniques—skills that are highly relevant in the ever-changing world of web development.

EDUCATION

Bachelor of Mathematics UoA (Will graduate in January 2024)
